

# The Quality Policy

We have over 30-years experience in the production of foil and foil products and we are well aware that our clients are looking for cheap and modern solutions, while maintaining high quality and homogeneity of products.

*We constantly strive to build the FOLIAREX as a modern and dynamically developing company. We want to be the company of the first choice. We want to be known on the market for high competence, reliability and flexibility. Acting in this spirit, we all feel responsible for providing solutions that meet the expectations of our clients.*

## OUR QUALITY COMMITMENTS:

### **1. We provide innovative products that fulfill the expectations of our customers.**

We constantly implement and certify new products that are environmentally friendly and comply with the guidelines of the Circular Economy.

We have a flexible approach to the needs and expectations of our clients, while increasing the quality handling.

We provide continuous supervision over the quality of the product.

### **2. We improve and optimize processes.**

We use modern production technologies that allow us to reduce waste and minimize the negative impact on the environment.

We increase the culture of the organization by constantly working on structuring internal processes.

We constantly improve and take responsibility for the effectiveness of the Quality Management System.

We modernize the machinery park in order to increase production capacity and optimize production.

### **3. support and engage our employees to deliver good quality products.**

We provide employees with systematic training to increase the quality of work.

We prevent accidents at work by organizing safe workplaces.

P.W. FOLIAREX Sp. z o.o. declares that the Quality Policy is communicated, understood and applied in the organization and provides the necessary resources to maintain the functioning of the Quality Management System.
